

Village of Evans Mills

Village Board of Trustees – Held at the Municipal Building

February 28th, 2024 – 3:00pm

Emergency Meeting

Attendance: Robert Boucher – Mayor, Taylor Scheer – Clerk/Treasurer, David Edwards – Superintendent, Greg Smith – Trustee, Edward O'Brien – Trustee, Virginia Wendt – Trustee

The Village Board of Trustees is holding an emergency board meeting Today, February 28th, 2024, at 3pm in the Village Office, 8706 Noble Street, Evans Mills, NY 13637. This meeting will be regarding the current condition of the Villages Wastewater Treatment & Disinfection System.

Mr. Edwards spoke with the village engineer, Robert Company, about the condition of the sewage tanks inside the facility. Mr. Company brought in a welder, Tom Atikin who has experience with Water/Wastewater facilities for municipalities.

The New York State Department of Environmental Conservation is concerned with the condition of the facility, and the DEC highly recommended having an emergency plan to avoid pollution in the sourcing areas. Mr. Company recommends spending money on a **new** wastewater facility instead of repairing the current facility.

The Village applied for the EFC, WQIP, CDBG, and WIIA grants in 2023, and we were not awarded any funding.

The Village Board and Village Engineer are actively seeking a plan for the Wastewater Facility in case it becomes a state of failure.
