### LETTER FROM THE MAYOR

---

I hope everyone is staying healthy and safe. I feel it is time to address the operation of the village office. Samantha Fleming is a one-person office and will continue to operate this way, for the time being, saving our village money. When the pandemic is over, the office will continue to be closed from time to time. Allows her to go to the bank, post office and attend training. The Village Board is sorry for any inconvenience this may cause, but we are trying to do what is financially responsible with our taxpayers' money. Calling ahead will save you a trip to the office, even when the pandemic is over. We might also be reducing the time the office is open. Although, the dropbox and the webpage will always be available. I understand that some residents have left messages on the answering machine, e-mail, and Facebook messenger; glad to hear. We are happy to provide these modes of communication. Offensive or rude messages are unacceptable and will not be tolerated nor returned. The rules for the municipal office are established and set by the village board. Consideration to our Village Clerk will be appreciated, considering all the work she is doing to provide an efficient office for our residents. We strive to ensure that we follow Federal and State laws to provide our employees a safe work environment.

---

### VILLAGE CLERK'S CORNER – *Samantha J. Fleming*

The Village Office is closed until further notice, for the safety of our residents and employees. To make an in-person appointment, please email me at [evansmillsclerk@outlook.com](mailto:evansmillsclerk@outlook.com) or call **315.629.4753** and leave a message with your contact information and I will return your call as soon as possible. Emails and Voicemails will be checked daily, unless out of the office or on vacation.

## DPW SUPERINTENDENT – NEWS & UPDATES – *David G. Edwards*

Lead & Copper Results- The 20 homes tested in the Village of Evans Mills Passed the second lead & copper draw on February 11<sup>th</sup>, 2021. There will be another testing in July of 2021. If you do NOT have a softener installed please contact the Village DPW at **315.783.6584** to be signed up as a possible sample site.

\*Softeners that are not properly maintained can create harsh water (lead & copper) in your home. When you install a softener in your home, you are altering the chemistry of the pretreated water provided by the Village of Evans Mills. Therefore you are subject to conduct the testing of your own water.

In July we will be handing out homeowner certification forms to 20 homes. It is extremely important that you read and follow the directions thoroughly. Please remember that Federal forms must be completed fully with signature and date. If you have questions about the test please do not hesitate to contact me at **315.783.6584**, I am more than willing to help guide you.

### RESIDENT REMINDERS

- Unpaid Water & Sewer bills not paid in full by April 1<sup>st</sup>, 2021, will be relived onto village taxes.

*Noble & LeRay Streets*
